

## Actions taken to prevent the spread of COVID-19

### Masking Policy

- Indoors: face masks are required for all archers and coaches.
- Outdoors: face masks are optional for all archers and coaches. Please let your coach know if you want them to wear a mask while working with you. We will prioritize your comfort and safety in class.
- If you have signed up for an outdoor class because you are not comfortable being indoors, and weather conditions require your class to move indoors, our make-up policy is very flexible, and you can come on a different day instead.

### COVID-19 Symptoms or Exposure

- We are no longer requiring a health symptom survey before class—no more green check marks! However, please be mindful about how you are feeling. If you are showing any [symptoms of COVID-19](#), stay home and make up your class when you are feeling better.
- If you have a known exposure to COVID-19, please stay home until you have tested negative or, according to CDC guidelines, you are no longer potentially contagious. In addition, please follow the [CDC guidelines](#) for quarantine and masking based on your vaccination status.

### Hygiene

- We recommend washing or sanitizing your hands before and after class. We have a bathroom and hand sanitizer at the indoor range, and can direct you to bathrooms at Look Park.
